Re: CC Docket No. 02-6

Further to the enclosed letter from Universal Schools and Libraries of May 21st, 2009, we are appealing their decision regarding the above docket, concerning an appeal for 486 service start date adjustment. (We have also enclosed pertinent information, phone call dates and correspondence in reference to the above appeal).

As we have stated numerous times to USAC in the enclosed correspondence, we never received the original 486 commitment letter for the above Billed Entity for Funding Year 2006-2007. Due to confusion regarding the correct school address and contact people (the above information is correct), mailings have been lost, and commitment dates were never processed accordingly.

Even after corrections were made according to USAC directions, the correspondence continued to be sent to the wrong addresses. (Please note in the letter dated May 21st 2009 it was cc. Asaf Goldenberg, who hasn't been the E-rate contact for the last 4 years).

We would appreciate your understanding in this matter and change the serve start date to the original 7/1/06 instead of the USAC revised date.

We have tried to finalize this application but it continuously gets de-railed. Please grant us the opportunity to process this 486 Form correctly in order to get our school the approved funds it desperately needs.

Thank you,

Marsha S. Cohen E-rate contact person

Re: Applicant Name: YESHIVAT KETER TORAH
Billed Entity Number: 15489901
Form 471 Application Number: 533293
Funding Request Number(s): 1474015, 1474046, 1474068
Decision Letter Date: June 25, 2008
Date Appeal Postmarked: May 11, 2009
Your Correspondence Dated: May 11, 2009

Our records show that your appeal was postmarked more than 60 days after the date your Form 486 Notification Letter was issued, as shown above. Federal Communications Commission (FCC) rules require applicants to postmark appeals within 60 days of the date on the decision letter being appealed. FCC rules do not permit the Universal Service Administrative Company (USAC) to consider your appeal.

If you believe there is a basis for further examination of your application, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be POSTMARKED within 60 days of the above date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

Re: Form 471 # 533293

Attention: Appeal Division

We are requesting an appeal for our 486 certification of service start date adjustment on 6/5/08 denying funding.

We have sent numerous documentation (January 31, 2008, October 30th, 2008) stating that over the years we have either not received USAC correspondence or received it after due dates.

Unfortunately, we've had a number of people dealing with this application and there has been confusion regarding the accurate school address, which has since been corrected (the above address is the correct one).

I, Marsha Cohen have been the contact person for the last two years and have been trying to sort through the numerous correspondence and form filings. In June of 2008, I understood from USAC that the 486 was submitted but never certified. I filed the certification and did not receive confirmation from USAC of receipt.

On October 30th, 2008, I was told to file an Invoice Deadline Extension Request, which I did in order to correct the adjusted date and time frame on my 486 certification. I never received an answer to my correspondence and was told today that I didn't need to send and request for extension but need to appeal the service start date adjustment.

To say I'm a little confused at what needs to be done is an understatement, so I am currently under advice from USAC requesting an appeal of the service start adjustment date from the certification date of 6/5/08 denying us funding.

Please reply via the above email so I can receive the response from USAC in a timely fashion in order to complete the above application.

Thank you

Re: Form 471# 533293

To whom it may concern,

We are requesting an appeal for extension based on the fact that we never received the 486 Commitment letter. Our last contact with USAC was on January 31, 2008 from Juliana Canfield regarding the need for more information concerning the above Form 471 Budget.

Unfortunately through the years we've had a number of people dealing with this application and there has been confusion regarding the accurate school address, which has since been corrected.

I, Marsha Cohen have been the contact person for the last two years and have been trying to sort through the numerous correspondence and form filings. In June of 2008, I understood from USAC that the 486 was submitted but never certified. I filed the certification and did not receive any confirmation from USAC of receipt.

I have enclosed pertinent information, including the correspondence with the former contact person and a copy of the 471 commitment letter.

I would very much appreciate your allowing us to file a form 472 in order to complete the above application and get the desperately needed funds to our school.

Please contact me, with any further inquiries.

Thank you,
Yeshivat Keter Torah
Marsha S. Cohen

Attached the form 486 form that was signed 10/10/2007 - Have Rabbi Goldenberg Sign the form in BLUE again and submit. The form is stamped 10/10/2007 is would be the basis for an appeal. Apparently the form was a) signed & fax to me only by mistake
 b) was signed and never mailed
 c) was signed and mailed & lost in the system

I have a copy which is slightly better **0486010603** -you should write this under the numbers under the bar code.
